LEELANAU COUNTY DEMOCRATIC PARTY

As Leelanau County Democrats, we believe that the citizens of Leelanau County deserve a government:

-  Dedicated to reasoned deliberation and civil discourse and to a diversity of views and initiatives for county advancement.
-  Working constructively to help people, families, and businesses to flourish in Leelanau County.
-  Acting to accommodate the housing needs of the workers Leelanau County needs.
-  Doing all this in a fiscally responsible way.

DEMOCRACY THAT WORKS

For a representative democracy to work, it must work for everyone, not just the rich and well connected. We support:

-  Court reform to assure judges are not beholden to political contributors or parties.
-  Real campaign reform to eliminate the dominance of corporations, lobbyists, and special interest groups.
-  Foreign policy geared to the common good, rather than special interests.
-  The right to vote, free of all politically motivated obstruction.

OPPORTUNITY FOR ALL

A government established by, for, and of the people is obligated to protect those who cannot provide for themselves. We support:

-  Insuring that small businesses and family farms can compete fairly in today's economy.
-  A tax system that assures all Americans pay their fair share.
-  Investment in renewable, nonpolluting energy.
-  Air, water, forests, and public lands protected by vigorous enforcement of laws.
-  A strong national defense, as well as fair compensation and health care for veterans and the active military.

SOCIAL JUSTICE

As Democrats, we in Leelanau County stand on the shoulders of giants in advocating for social justice. We proudly support:

-  Equal opportunity for all Americans and vigorous protection against discrimination.
-  Equal pay for women and men performing comparable work.
-  Protection for every woman's reproductive choices.
-  The right to organize and bargain collectively.
-  A fair immigration and guest worker policy that respects families.
